# MARIIA RADYCH

## GRAPHIC DESIGNER

I am a creative and experienced computer graphic designer from Ukraine with a bachelor's degree and experience in designing and creating a variety of graphic materials. I have strong technical skills and an extensive portfolio including projects for clients in various industries. I am proficient in the use of Adobe Photoshop, Illustrator and InDesign graphic design programs and have experience with web design tools and print preparation. I am organised, punctual and able to work independently and as part of a team. I am a quick learner and open to new challenges.
